To

All the Civil Surgeons
State of Punjab

Subject: Review of Dengue Deaths by District Dengue Death Review Committees reg-

Reference subject mentioned above, this is to inform you that the following guidelines have to be adhered to while reviewing dengue deaths:

a) District Dengue Death Review Committee of every district has to review a case of death due to dengue (probable/confirmed case) within 10 days of the report of the death.

b) All the committee members of the District Dengue Death Review Committee should attend the meeting and chairman of the district committee will be responsible for this.

c) The treating physician of the Govt/Private hospital where the patient died should attend the meeting of the District Dengue Death Review Committee. Civil Surgeon cum chairman of the district committee will be responsible for this.

d) The complete medical record should be reviewed and all the relevant fields should be captured and entered in the review. Distt Epidemiologist cum member secretary of the district committee will be responsible for this.

e) State Dengue Death Review Committee will invite member secretary of the district and representative of private hospitals of the districts from where discussion on medical record or findings of the district committee will be desirable.
